## SUMMARY

---

Computer Science graduate with internship experience in Java Full Stack Development. Skilled in Java, HTML, CSS, SQL. Eager to contribute technical skills, Problem-solving abilities, and a collaborative mindset to a dynamic organization. Looking for entry-level where I can grow as professional and add value through innovative technology solution.

## EDUCATION

---

### Bachelor of Engineering in Computer Science and Engineering

Nagarjuna College of Engineering and Technology, Bengaluru

2021 – 2025 | CGPA: 8.25

## TECHNICAL SKILLS

---

**Programming:** JAVA

**Technologies:** HTML, CSS

**Web & Deployment:** Streamlit

**Tools:** Jupyter Notebook, VS Code, Eclipse, Git, Excel

**Database:** SQL(basics)

## PROFESSIONAL TRAINING & INTERNSHIP

---

### Certified Java Full-Stack Web Development With AI

Tap Academy, Bengaluru | Aug 2025 – Jan 2026

Completed intensive training in Java Full Stack Web Development with AI, covering Core Java, Strong foundation in java programming, SQL, HTML, CSS, basic advance java concepts

## PROJECTS

---

### Employee Performance Prediction System —

- Built a model to predict employee performance and developed a Streamlit-based application for data upload, training, prediction, and visualization
- Implemented end-to-end data preprocessing including missing value handling, encoding techniques, and feature engineering to improve model accuracy and robustness

## ACHIEVEMENTS

---

Selected and funded by KSCST (Karnataka State Council for Science and Technology) for the final-year project “Employee Performance Prediction System”

## CERTIFICATIONS

---

- Google Data Analytics – Coursera
- AI DevOps Engineer – Skill India
- Python Programming – Technical Hub
